EDUCATION

Jose Rizal University <i>Bachelor of Science in Information Technology – Business Analytics</i>	Mandaluyong City 2025 – Present
National University MOA <i>Bachelor of Science in Medical Technology</i>	Pasay City 2023 – 2024
University of Makati <i>Senior High School – STEM Track</i>	Makati City 2022 – 2023

EXPERIENCE

AWS Cloud Club – Jose Rizal University <i>Secretary</i> - Spearhead administrative operations and internal communications, ensuring seamless information flow across the executive board and club members. - Manage documentation, meeting minutes, and event schedules using digital collaboration tools; facilitate coordination between technical leads, stakeholders, and external partners.	Mandaluyong City 2026 – Present
<i>Operations Officer</i> - Streamlined operational workflows for technical workshops, accelerating event turnaround time by 20%. - Analyzed community engagement data to optimize resource allocation; designed SOPs for cloud-based project deployments and student hackathons.	Jan. 2025 – 2026
Starbucks (One Ayala) <i>Barista</i> - Managed high-volume inventory and POS transactions, consistently achieving 100% accuracy in daily financial reconciliations. - Identified operational bottlenecks in store service flow and implemented strategic micro-adjustments to maximize peak-hour efficiency and customer satisfaction.	Makati City 2024 – 2025
High School Student Organizations <i>Treasurer & Assistant Secretary</i> Built digital financial trackers to monitor budgets, reducing manual audit errors by 30%; generated monthly reports to support data-driven decision-making for school events.	2017 – 2019

PROJECTS

Personal Finance & Budgeting Tracker <i>Excel, Data Visualization</i> Built a tracking system using advanced Pivot Tables and visual dashboards to categorize expenses, identify savings opportunities, and forecast long-term financial goals.
Pinterest Campaign Performance Analyzer <i>Excel, Media Analytics</i> Analyzed simulated marketing datasets to evaluate ad spend efficiency and ROAS; segmented demographics to identify high-converting trends and deliver campaign optimization recommendations.
UI/UX Design & Prototyping <i>Figma</i> Designed high-fidelity wireframes and interactive prototypes for user-centric digital products using component libraries and auto-layout for scalable, handoff-ready designs.
Personal Portfolio Website <i>HTML, CSS</i> Deployed a responsive, cross-browser-compatible portfolio site using semantic HTML and custom CSS to showcase professional projects and technical documentation.
3D Branding & Visual Identity <i>Blender</i> Modeled and rendered a custom 3D logo for the AWS Learning Club – JRU Chapter with advanced textures and lighting, producing high-resolution assets that enhanced the club's digital presence.
