PROFESSIONAL SUMMARY

I am a driven individual who thrives in challenging environments, possessing strong leadership experience in both academic and industry organizations. I have a solid foundation in technical documentation and customer support and excel in problem-solving, critical thinking, and effective communication. Passionate about leveraging technology to drive innovation, inclusivity, and efficiency, I am highly adaptable and committed to continuous learning. I strive to exceed expectations and contribute meaningfully to every endeavor I undertake, delivering impactful solutions in dynamic and fast-paced environments.

RELEVANT CERTIFICATIONS AND BADGES

Knowledge and skills to identify and explain the basics of computing, IT infrastructure, applications and software, software development, database fundamentals, cloud computing concepts, and essential security principles, supported by foundational training as a Certified Cloud Practitioner.
